# OFF white

GOOD,  
INNOCENT AND  
PURE

1. Divinity 3109

1. Chalk White 1135

1. White Dawn 1153

1. Apple White 8106

**TIPS**

Off whites such as Divinity 3109 with a tint of yellow can warm up your room and give it a spacious look.

Off-White evokes cleanliness and order, making it ideal for traditionally small and cluttered spaces such as bathrooms and storerooms.

All colours shown are as close to actual Nippon Paint colours as modern printing techniques permit.  
 Colours shown in all images may vary from actual Nippon Paint colours due to lightings in photographs and printing.  
 All colours shown are for reference only. Please always refer to the actual colour chips in pages 6 to 13 for your colour selection.

# ZINGY yellow

ENERGETIC,  
PASSIONATE  
AND ACTIVE

1. Tropical  
Sunshine  
1151

Pale shades of yellow such as Sandcastle 1107 are best when painting interior walls, because it promotes flow of positive energy.

1. Sunshine  
3169

1. Momento  
Sparkle Pearl  
Lemon Peel  
MP 049

Keep the bright yellows to a portion in playrooms to create an active and exciting flow of energy. Be careful not to overuse it. Brighter colours can lead to unrest and irritability.

1. Sandcastle  
1107

While light buttery yellow can be calming and restful in bedrooms, bright daffodil yellow extends a warm welcome in entrance halls and living rooms.

• All colours shown are as close to actual Nippon Paint colours as modern printing techniques permit.

# VIBRANT orange

WARM,  
INVITING AND  
STIMULATING

1. Zing 8117

Use warmer and somewhat brighter colours such as Sungod 3164 for your dining area for a sociable and stimulating atmosphere.

1. Sungod 3164

2. Cornfield 5085

1. Zing 8117

Like a colour in EasyWash page but want it in Odour-less All-in-1 product? Sure! All our interior colours can be tinted to any of our interior products.

Thought to both stimulate conversation and appetite, orange is the perfect hue for dining rooms and entertainment areas.

1. Cadmium Yellow 3178

1. Lightest Lavender  
8180

Pink is very calming, particularly with children who are prone to throwing fits or tantrums. Have fun matching colours such as Pink Tiara 8181 with light greys or off whites in a girl's nursery.

1. Pink Tiara  
8181

1. Sweet Pink

ROYAL,  
POWERFUL  
AND LUXURIOUS

1. Momento Sparkle Silver Purple Hourglass MS 126

Choose a darker purple or mauve to bring out a more mature look. Pair it with yellow or gold touches to add on the royalty feel.

1. Sparkling Sequins\* NP R 1323 A

2. Momento Cloud Glazed over with Modern Mojito CG185

1. Grape 8185

Create a cozy and romantic bedroom ambience by introducing deep, rich purples such as Harmonious Purple 1175 which give off a sense of royalty and luxurious feel.

While light purple can be calming and relaxing in a living room, dark purple dramatises an otherwise ordinary space.

1. Harmonious Purple 1175

## PAINT VOLUME ESTIMATOR

### HOW MUCH PAINT DO YOU NEED?

Type of Home	All Ceilings	All Bedrooms	Dining/Living Room	Total
HDB 3-Room	3 cans x 5L	2 cans x 5L	1 can x 5L	6 cans
HDB 4-Room	3 cans x 5L	3 cans x 5L	2 cans x 5L	8 cans
HDB 5-Room	4 cans x 5L	3 cans x 5L	2 cans x 5L	9 cans
Condo/Exec. Apt	4 cans x 5L	3 cans x 5L	4 cans x 5L	11 cans
Landed Property	Wall Coverage: 1L covers approx 8m <sup>2</sup> (26.24 square feet) coat			

## PAINT VOLUME CALCULATION

$$\frac{\text{Surface area to be painted (Height x Length)}}{\text{Surface coverage per litre per coat in metres}} = \text{Total paint volume required per coat in litres}$$

Eg. Painting Bedroom with Odour~less All-in-1

$$\left( \frac{2.5\text{m} \times 10\text{m}}{10\text{m}^2} \right) \text{ Litres} \times 2 \text{ Coats} = 2.5 \text{ Litres} \times 2 \text{ Coats} = 5 \text{ Litres}$$

## PREPARATION AND sequence

### PREPARING THE GROUNDWORK

<p><b>step 1</b> Clear out the room totally.</p>	<p><b>step 2</b> Clean up the area.</p>	<p><b>step 3</b> Cover all exposed surfaces with Nippon Paint Plastic Drop Cloth.</p>	<p><b>step 4</b> Mask the sockets and switches with Nippon Paint Masking Tape.</p>	<p><b>step 5</b> Use Nippon Paint Plastic Drop Cloth and Masking Tape to protect window frames and woodwork.</p>	<p><b>step 6</b> Cover and tape floor skirting with Nippon Paint Plastic Drop Cloth.</p>
--	---	---	--	--	--

### MENDING THE WALL with 5101 Odour-less Water-based Sealer or Vinlex 5170 Oil-based Sealer

<p><b>step 1</b> Scrape off loose paint with a scraper and sand down for a smooth finish. Dust off.</p>	<p><b>step 2</b> Remove popped nails and fill up the dimples with filler.</p>	<p><b>step 3</b> Patch up cracks or uneven surfaces with the appropriate filler.</p>	<p><b>step 4</b> Use fine grit sandpaper to sand down rough spots.</p>	<p><b>step 5</b> Clean surfaces to be painted. All must be dried thoroughly before painting.</p>	<p><b>step 6</b> Before painting, use a wall sealer (5101 Odour-less sealer or Vinlex 5170 sealer) to neutralise the alkali on the walls.</p>

### SEQUENCE OF PAINTING

**step 1**

- A: Always start with the ceiling.
- B: Followed by the cornices.
- C: Then the walls.
- D: And the woodwork around doors and windows.
- E: Subsequently the doors.
- F: Lastly the skirtings.

This prevents the other painted areas from being ruined while painting.

**step 2**

Use a brush and dip only one third of the brush bristles into the paint. Use long continuous strokes to form a neat line while painting difficult areas like the edges and corners first.

**step 3**

A wide brush or roller may be used to paint the walls, though the latter gives the best finish and is quicker. Do apply the paint from the top right hand corner of the first wall using overlapping strokes, in an up-down manner when moving from area to area.

**step 4**

Always apply more than one coat of paint. Let the first coat dry before painting another coat over. An indication is found on the can for the first coat's drying time.

**step 5**

Upon completion, do wash all equipment. Water, for emulsion paint and turpentine, for oil-based paint.
